Profile

Results-driven Frontend Developer with 3+ years of professional experience building responsive, scalable, and high-performance web applications. Strong expertise in React.js, Next.js, TypeScript, and modern CSS frameworks, with a proven ability to translate UI/UX designs into intuitive, user-friendly interfaces.

Experienced in Fintech and e-commerce solutions, including payment integrations, transaction workflows, and secure API consumption. Known for delivering measurable improvements in performance, usability, and user engagement while working effectively in agile, cross-functional teams. Passionate about clean, maintainable code, continuous learning, and staying current with evolving frontend technologies.

_____

Technical Skills

Languages & Frameworks

- HTML5, CSS3, SASS/SCSS

- JavaScript (ES6+), TypeScript

- React.js, Next.js, React Query

- Redux-toolkit, Context API, Sanity, Jest

- Tailwind CSS, Bootstrap, Material-UI, Shadcn, Framer-motion.

Tools & Technologies

- Node.js, Git & GitHub,

- RESTful APIs, GraphQL, Axios,

- Postman, Swagger UI

- Vite

- Figma, Adobe Photoshop

- ESLint, Prettier

- NPM, Supabase, Firebase, AWS

- Responsive & Mobile-First Design

Testing & Debugging

- Chrome DevTools

_____

Soft Skills

- Strong problem-solving and debugging abilities

- Clear communication and collaboration

- Detail-oriented with a focus on quality delivery

- Agile & Scrum experience

- Code reviews and team collaboration

- Effective time management and multitasking

- Continuous learning mindset

_____

Experiences

Frontend Developer
MartsPlaza Startup Company – Remote (Volunteer role)
May 2025 – Present

- Developing a scalable e-commerce platform using Next.js, improving page load speed and SEO performance.

- Managing complex global state with Context API, ensuring data consistency across multiple modules.

- Implemented React Query for efficient server-state management, reducing redundant API calls and improving data reliability.

- Built reusable, mobile-first UI components with Tailwind CSS, enhancing design consistency across the platform.

- Integrated RESTful APIs using Swagger UI, ensuring accurate and secure feature implementation.

- Improved application performance through lazy loading, code splitting, and image optimization.

- Collaborated closely with backend developers, designers, and product managers to deliver seamless user experiences.

Frontend Developer
Quantum Side Technologies Inc – Remote (full-time)
Oct 2022 – April-2025

- Developed responsive web applications using React.js and Tailwind CSS, contributing to a 30% increase in user engagement.

- Built and maintained dynamic components using Context API, improving state management efficiency.

- Integrated RESTful APIs and handled asynchronous data fetching with Axios, ensuring smooth data flow.

- Translated high-fidelity UI/UX designs into pixel-perfect, accessible interfaces.

- Optimized application performance through lazy loading, code splitting, and asset optimization, reducing load times.

- Actively participated in sprint planning, daily stand-ups, and code reviews within an Agile environment.

- Integrated payment gateways (Flutterwave, Paystack), enabling secure and reliable transaction workflows.

- Collaborated with backend developers, QA engineers, and product managers to consistently deliver high-quality releases.

Frontend Developer (Intern)
Quantum Side Technologies Inc – Remote
April 2022 – Sept 2022

- Assisted in building landing pages and e-commerce modules using React.js, Next.js, Bootstrap, and Tailwind CSS.

- Gained hands-on experience with Git version control, API integration, and cross-browser compatibility.

- Collaborated with senior developers to refactor legacy code, improving readability and modularity.

Software Developer (BootCamp)
GomyCode
May 2021 – Oct 2021

- Built multiple frontend projects using JavaScript, JSX, and React.js.

- Developed full-stack applications with Node.js, Express.js, MongoDB, and Mongoose.

- Designed and consumed RESTful APIs for real-world project scenarios.

_____

Education

Bachelor of Science (B.Sc.) – Food Science and Technology
Enugu State University of Science and Technology, Enugu, Nigeria.
2015 – 2021

_____

Certification (Optional)

- GomyCode Full-Stack Developer Certification.
